# MINUTES

OF THE

## ANNUAL MEETING OF THE MEMBERS

OF

### **The Mount Sinai Hospital of the City of New York**

HELD JANUARY 22nd, 1911

---

The Vice-President, Mr. Philip J. Goodhart, in the Chair, the officers, directors and a quorum present.

Reading of the minutes of the last meeting, as well as the reading of the Treasurer's report, was, upon motion, dispensed with.

The report of the Vice-President was then received and read. On motion, duly seconded and carried, it was resolved that this report be printed and mailed to the members of the Hospital.

The following additions to and amendments of articles of the Constitution were offered, in accordance with the notice mailed to the members of the Society:

Article VI. to be changed so as to read as follows:

The affairs of the Society shall be under the direction and management of a Board of Directors of thirty members, to be chosen as hereinafter provided:

No member of the Board of Directors shall receive compensation of any kind for duties performed as a Director or Officer of the Board.

At the first meeting of the Board of Directors held after each annual meeting, they shall select from their own membership, by a majority vote, the following officers, who are to serve for a term of one year, or until their successors have been elected:

A President,

A Vice-President,

A Second Vice-President,

A Treasurer, and

A Secretary.

The twelve Directors to be elected at the Annual Meeting held on January 22nd, 1911, together with the eighteen Directors whose terms shall not have expired on that date, shall be divided into five classes of six directors each, to serve, respectively, five, four, three, two years, and one year, their terms of office to be arranged in accordance with the length of service of each on the Board of Directors.

Thereafter, at each annual meeting there shall be elected six directors to serve for a term of five years each, and such additional directors as may be necessary in order to fill existing vacancies in the Board.

The Board of Directors shall have full authority to control all the affairs of the Society, to manage all estates and property belonging thereto, to take charge of all funds of the institution, and to transact all of its business. They shall also have power to appoint a consulting and visiting staff of physicians who shall constitute the Medical Board of the Hospital.

Paragraph 3, of Article IX, to be changed so as to read as follows:

At each Annual Meeting of the Society there shall be elected six Directors to serve for the term of five years, and such additional Directors as may be necessary in order to fill existing vacancies in the Board.

The election shall be by ballot and by plurality vote.

No votes shall be counted except those cast for a nominee of the Board of Directors or for one whose name has been placed in nomination by not less than 25 members of the Society in a written communication addressed to the Secretary and received by him at least two weeks before such Annual Meeting.

Upon motion duly made and seconded it was, by unanimous vote, resolved to adopt these alterations and additions to the Constitution.

Mr. Jacob H. Schiff expressed the thanks of the members for the good work carried on, and hoped that the Hospital would continue to expand and develop.

He condoled with the Hospital on the sad loss the Institution had suffered in the death of its President, Isaac Stern.

The meeting then adjourned for the purpose of proceeding with the election of Directors.

EDGAR A. HELLMAN,

*Secretary.*

## THE MOUNT SINAI HOSPITAL,

January 22nd, 1911.

At an election held this day, 102 ballots having been cast, the following were unanimously elected as Directors of the Mount Sinai Hospital:

GUSTAVE ABRAMS,  
*Secretary to Inspectors.*

## VICE-PRESIDENT'S REPORT

---

*To the Members and Patrons:*

It is with profound regret that in the Fifty-eighth Annual Report of the Mount Sinai Hospital we must chronicle the death of our President, Mr. Isaac Stern. For four years President, and for eighteen years closely associated with the Mount Sinai Hospital as a valued member of the Board, he rendered devoted service, directed by intelligent and constant thought to the requirements of this Institution.

We lose in him a President helpful and ever attentive to the many varied interests of our Hospital, a dominant influence in the development of this Institution.

As Chairman of the Building Committee at the time of the construction of our present Hospital, his knowledge and executive ability helped rear a structure that to-day all new suggestion fails to improve, save in slight detail.

The names of all those to whom this work is due, recorded in the halls of this Institution, will ever be our Roll of Honor and a pride to those who will follow them.

While from time to time you have gathered at these annual meetings to learn of the results of our stewardship, yet in the presentation of cold statistics, the magnitude of this work is often overlooked. To indicate this in some measure, I will give the number of those contributing their effort and services to the operation of this Hospital:

It is in contemplation of these figures that some idea can be formed of the demand for executive ability, constant care and devotion.

A summary of the work for the year 1910 is embodied in the following figures:

7613 Patients were treated in the Hospital,  
 2,056 Patients were treated in the Accident Ward,  
 49,426 Patients were treated in the Dispensary  
 in the seven months that the Dispensary was open.

The statistics for the year will be embodied in this report when printed.

## FINANCIAL.

The necessities for the year 1909 left a deficit of \$13,204.11, to cover which amount we were compelled to borrow from the permanent fund. This deficit, together with a previous debt to the permanent fund, made the

## DONATIONS.

With regard to the finances of our Institution, I beg to refer to the Treasurer's Report, which will state in detail our receipts and disbursements. Specific mention is made of all donations to our institution.

The Board of Directors are sensible of and grateful for the kindly spirit of generosity that has prompted these gifts.

## LEGACIES, BEQUESTS AND ENDOWMENTS.

I wish, however, to read the names of those who have dedicated beds in loving memory of a departed one and of those who have themselves remembered us in their Wills and in Endowments:

To all these the thanks of the hospital and those whose necessities have been relieved are gratefully given.

Our thanks also to our co-director Mr. Charles A. Wimpfheimer for his contribution of \$10,000 this year, increasing the Annie C. & Charles A. Wimpfheimer endowment fund to \$20,000.

## PRIVATE PATIENTS' PAVILION.

Our Pavilion for private patients indicates in no small degree the changed and advanced attitude of the public towards hospitals. Formerly, not only the free patient hesitated to avail himself of the assured benefits of scientifically equipped hospitals, but the better conditioned of people felt a similar reluctance. Throughout this year, however, not only serious but minor cases as well have brought patients to our private wards, and these have been almost continually taxed to their capacity. The Hospital is proving not only a haven but an educator of all of us. We have learned that it is impossible to have in our homes the appliances and general care that is here obtainable.

The demands for accommodation have caused us to add

five additional rooms which will be available next month. It is intended that the price of these rooms shall be as reasonable as possible, the Board realizing the need of such accommodation. The resident medical staff of this department now includes four physicians and surgeons, all hospital graduates, selected because of special fitness for the work; also a paid Resident Anaesthetist. We feel a pride in our private pavilion, the Barbara Guggenheim Memorial. Many a donation and contribution to assist our work has come from those who have been here restored to health and who have appreciated our efforts.

### CHILDREN'S WARD.

Our Children's Ward, the Lewis Einstein Memorial, has well served the requirements of that important part of our work. With the authorization of Mr. Henry L. Einstein we have made alterations that have given us a much needed play-room for the use of the children.

Recognizing the importance of furthering the health of children, the Mt. Sinai Hospital has taken the initiative in planning an association of Children's Clinics. By this means, Children's Clinics throughout the City will become more efficient, and we hope and look for a reduction of infant mortality, directly traceable to this undertaking.

### PATHOLOGICAL DEPARTMENT.

Nothing indicates medical progress so much as the development of pathological laboratories in this and other countries. The movement of research and the great results in the immediate past, stimulate further effort on the part of each and every institution in the cause of preventive medicine.

In furthering the work of our Pathological Laboratory, given and equipped by Mr. Adolph Lewisohn, Mr. Lewisohn has this year promised us an additional \$130,000, thus giving us \$200,000 in all, for the erection of a new and larger building to increase the efficiency of this department. We also again express our thanks to him for the funds given annually towards the maintenance of this department.

The plan for the construction of this new and larger

research laboratory promises to add lustre to the reputation of our hospital. It carries with it, however, necessity for greater expenditure for laboratory work than this hospital has hitherto been called upon to meet.

To be efficient the work of an Assistant in the Pathological Department involves the sacrifice of attention to private practice. Recognizing this fact, the Hospital grants to Assistants as compensation a stated sum. There is accordingly a need for individual fellowships to meet a portion of the additional cost in maintaining our research laboratory. Each Fellowship must amount to at least \$500 annually, the income of a fund of \$10,000, thus providing for one Assistant.

We desire to express our appreciation of the establishment this year of the Eugene Meyer, Jr., Fellowship to encourage the scientific work of the Hospital.

### DISPENSARY.

The additions to and remodeling of the dispensary, the Mayer Lehman Memorial, were completed in April of this year, and the dispensary re-opened on May 2d to the public.

The purpose of the enlargement of the dispensary was to give opportunity for better work, as well as to render easier handling of increased numbers.

The new method of entry and exit maintains a more orderly movement of patients.

A system of waiting or history rooms has been added to each department. Sanitary and satisfactory quarters have been provided for in the Tuberculosis Clinic.

A preliminary examination of all children at the entrance door is made, and immediate isolation of contagious cases follows before contact with other children. An elevator service has been added, which contributes to the comfort of patients, especially the women and surgical cases.

A department of Orthopedic Surgery, a department of Radio Therapy and a department of Physical Therapeutics have this year been inaugurated.

A department of Physical Therapy also has been introduced including the Tyrnauer Room for the treatment of chronic joint diseases and similar conditions. We are indebted to Mrs. George

Blumenthal for the equipment of this room, purchased at a cost exceeding \$2,000.

After serving as Chairman of the Dispensary Committee for eleven years, Mr. Kalman Haas has relinquished the arduous duties of that position. We wish to express our appreciation of the devoted attention which Mr. Haas has given to the dispensary and of the efficient manner in which he has conducted his work.

### RADIOGRAPHIC DEPARTMENT.

The new X-Ray Department, designed to meet the growing work of this branch of medicine, will be ready for use by February 15th. The rooms devoted to this department are in the basement of the Medical Pavilion, and the increased facilities will enable us to handle this work, of such great value, not only in surgical, but in purely medical cases as well, with greater efficiency.

### ISOLATION WARDS.

New Isolation Wards have been built as an additional story to the Medical Pavilion. The wards have been tested during the summer and found satisfactory in every way. The plan of construction is being used as a model in several other hospitals.

The former Isolation Building now serves as a dormitory building for help, and shelters forty women.

### MOUNT SINAI TRAINING SCHOOL.

The important work of the Mt. Sinai Training School for Nurses calls for special mention.

A leading physician in one of our western cities, in an address on the subject of hospital construction, recently said that good nursing is often of much greater importance than medicines.

I cannot dwell too earnestly on this branch of our hospital work. In our wards, both surgical and medical, we are utilizing a steadily increasing number of nurses. Two stories have been added to our Training School building, giving us an additional capacity of forty rooms, accommodation for sixty nurses. This enlargement has enabled us to abandon the temporary dormi-

tories in 97th street, and to improve the housing and housekeeping problems that have been a serious consideration for us for many years.

Our nurses remain in the service of the hospital three years, gaining a training, the benefits of which many who have never seen the Mount Sinai Hospital enjoy. Those who have realized the relief that the presence of a capable and thoroughly instructed nurse affords, in houses visited by illness, should come in particular to our assistance in this branch of our work. Our Training School is in need of financial assistance, and we appeal to women to become directly interested in helping us here.

### DISTRICT SERVICE.

Our doctors in the District Service have done satisfactory work. The payment of small salaries to the staff has given us a better control of the work which in its very nature is outside of the immediate supervision of our administrative officers.

District nursing is of great value in connection with the care of the sick poor, as much in its educational as in its remedial features.

### DENTAL DEPARTMENT.

In the past year a Dental Department has been established. How necessary and advantageous we should find such a department may be judged by a statement lately made in connection with the discussion of this subject relative to school children. It was stated that 90 per cent. of the children in the public schools were in need of dental treatment, and, without entering too far upon the medical aspect, I may add that this has great influence upon stomach and nervous diseases.

### ADDITIONAL PROPERTY.

We availed ourselves of the opportunity afforded us by the Metropolitan Museum of Art of acquiring from them, at what we considered a reasonable figure, the corner property at Fifth Avenue and 100th street, 100 x 125 feet. We now own 320 x 100 feet, opposite the hospital and across from its main

front, enabling us to develop our institution on the scope that experience has indicated.

The erection of the new Pathological Laboratory on this property may be recorded as the first step toward the ultimate realization of a complete model general hospital, consisting of a correlated group of general and special buildings, representing all branches of medical and surgical treatment.

At present we have no wards for the treatment of either obstetrical or orthopedic cases.

In this connection I wish to call attention to the extent to which congestion in our Gynaecological and Female Surgical wards has hampered us. We have in these Wards eighty-nine beds, and a reference to the records will show that the waiting list is actually in excess of that number at all times. The pressure of applications forces us to discharge those in these Wards before they have recovered their full strength, to return often to unhealthy surroundings, overwork and responsibilities. The lessening of the full benefits which should follow treatment of these cases in our hospital devolves upon us the necessity of providing additional wards or a building for these and obstetrical cases.

### TUBERCULOSIS CLINIC.

During the past year we have treated in the Tuberculosis Clinic 646 patients, involving 3,349 consultations. Through the instruction given by our physicians, knowledge is being disseminated among the afflicted, and thereby those immediately within the home circle are protected against infection.

### SOCIAL WELFARE DEPARTMENT.

The introduction of the work of the care of convalescents upon leaving the hospital has been of great advantage to our beneficiaries and is constantly widening in its benefits and influence.

The expenses of this department and of our Tuberculosis Clinic have been defrayed through the generosity of several of our directors, who have assumed the financial responsibility of this work. The contributions for the Tuberculosis Clinic were \$2,960, and for the Social Welfare department \$2,865.26.

The convalescent work has been a benefit to a great num-

ber, and the head of this department has placed 835 cases in various convalescent homes which are doing so much to assist in restoring the sick to a life of usefulness.

The Solomon and Betty Loeb Memorial Convalescent Home has been especially generous to us in aiding in this work, having cared for 368 cases. The bond of sympathy between our hospital and this thoughtfully conceived charity is being constantly strengthened.

### SISTER INSTITUTIONS.

As in the past, we have endeavored to render all the assistance we could to the various hospitals, orphan asylums and educational institutions. We appreciate and are grateful for the assistance these institutions on their part have rendered us.

We congratulate the officers and directors of the Montefiore Home on the success with which they have secured the funds for the enlargement and development of their work in their contemplated new hospital. Their enthusiasm and well merited success is an example and inspiration to those working for the relief of the sick and poor.

### LADIES' AUXILIARY SOCIETY.

The Ladies' Auxiliary Society has again greatly benefited our institution. It has provided us with essentials such as linens, bedding and clothing for our patients.

The members of this Society meet weekly, working earnestly to contribute their share to relieve the afflicted.

We are grateful, and express our appreciation to them through their officers, Mrs. H. H. Moses, president, and Mrs. J. A. Cook and Mrs. L. Bernheimer, vice-presidents; Mrs. Julius Beer, treasurer, and Mrs. J. A. Arnold, secretary.

### MT. SINAI HOSPITAL ALLIANCE.

The Mt. Sinai Hospital Alliance has contributed to us this year \$1,600, for the maintenance of the solarium and for part of the expenses of the X-Ray Department. The selection of special departments of this hospital for needed assistance is worthy of emulation, and we thank Messrs. Charles B. Bretzfelder, presi-

dent, and Mr. Daniel Filer, 1st vice-president, and Miss Bertha R. Markens, 2d vice-president; Mr. Leon Huhner, recording secretary; Miss Gertrude C. Rheinauer, corresponding secretary; Mr. Samuel M. Chase, treasurer, and the members of their society.

## HOSPITAL SATURDAY AND SUNDAY ASSOCIATION.

We received this year \$7,551.02 from the funds collected by the Hospital Saturday and Sunday Association. The distribution by this association is based on the free service given patients during the year, and they have distributed the collection among 45 hospitals. Our proportion is one of the two largest.

The Board of the Association, stimulated by the energetic spirit and charitable activities of Mrs. James Speyer, is making great effort to interest people of this city who are not allied with any charitable or religious organization to contribute through them for the relief and care of the sick. The association is being ably assisted by editorial appeals in the daily press. By these means, many of charitable instinct, who are not otherwise approached, may in time be reached.

I commend to all those interested in the subject of hospitals a study of the interesting figures of receipts, expenses and work of the hospitals of this city, which are compiled annually by this Association.

## MEDICAL STAFF.

A gratifying incident in the history of this hospital in the past year was the celebration of the fifty years of devoted service given this institution by Dr. Abraham Jacobi, the president of our Medical Board. In commemoration of this auspicious event, appropriate ceremonies were held on Saturday, April 23d. The Medical Staff presented to the hospital a bust of Dr. Jacobi, and the directors of the hospital dedicated a library, to be known as the "Abraham Jacobi Library," in appreciation of the services rendered by Dr. Jacobi to our hospital.

A leader in scientific and humane efforts, his eightieth birthday was celebrated by many institutions throughout this city, and we have just reason to be proud of his association with this hospital.

Dr. A. G. Gerster, the vice-president of our Medical Board, has as ever rendered conscientious and devoted service to the hospital.

To those members of our Medical and Surgical Staff who continue to give us so liberally of their time and effort, we, in behalf of our beneficiaries, express our profound thanks.

Arrangements were this past year completed with the College of Physicians and Surgeons for giving clinical instruction to their students. This instruction is directed by members of the regular attending staff of the hospital, and has proved most stimulating.

In the near future the work of clinical instruction will be extended to include the students of the University and Bellevue Hospital Medical College.

The physicians and surgeons directing this work have been named by the colleges as Professors of Clinical Medicine and Clinical Surgery.

The appointments made in connection with the College of Physicians and Surgeons are:—

Dr. N. E. Brill, Professor of Clinical Medicine.

Dr. E. Libman, Professor of Clinical Medicine.

Dr. A. G. Gerster, Professor of Clinical Surgery.

Dr. A. A. Berg, Associate Professor of Surgery.

The nominations made for appointments in connection with the University and Bellevue Medical College are:—

Dr. Alfred Meyer and Dr. Morris Manges, in the Medical Division, and

Dr. Howard Lilienthal and Dr. Charles A. Elsberg, in the Surgical Division.

### DIRECTORS.

Mr. Edward Oppenheimer, after having been a director for nineteen years, and Mr. Herman Mendel, for fifteen years, have resigned from the Board, and in recognition of their services have been elected Honorary Directors. Diligent and painstaking, they were active during the upbuilding of our institution.

Mr. M. Samuel Stern, Commissioner of our Public Schools, owing to the pressure of his other duties, resigned as a Director. We regret that, under our Constitution, his tenure of office was not sufficiently long to make him an Honorary Director.

To all the Directors I wish to express my appreciation of the support and assistance they have at all times given to the Executive Officers. Ever zealous in their work, their unflagging interest is evinced by their constant attendance and diligent supervision.

### IN MEMORIAM.

We have lost, by the death of Mr. Adolphus S. Solomons, the last surviving member of a group of young men who, in 1852, assisted in the founding of the Jews' Hospital, now the Mount Sinai Hospital; he will live in the annals of our community as a leader in works of charity, a man of initial energy and broad-minded effort.

We also regret to announce the death of Mr. Max Stadler, who was a director of our hospital from 1870 to 1876.

With sorrow we record the names of those friends and supporters of our institution who have died during the past year:

### ADMINISTRATION.

The results of our work have been in no small measure due to the faithfulness and competence with which our administrative officers have fulfilled their difficult duties. The directors of the Mount Sinai Hospital have found great satisfaction in noting that the efficiency of the hospital and of its management has led other institutions in the city and throughout the country to seek the advice of our Superintendent, Dr. S. S. Goldwater, in their work of construction and administration.

Our Assistant Secretary, Mr. Gustave Abrams, continues to increase the usefulness of his office in every way.

Dr. Moss, our Assistant Superintendent; Miss Van Kirk, head of our Training School; Miss Newman, Supervisor of our Private Hospital; Miss Fletcher, Supervisor of the Dispensary, and many others associated with them in carrying the burden of our routine work, have added to the degree of usefulness reached by our hospital.

### MEMBERSHIP.

No part of the work of the directors of this hospital is more exacting than that of the Membership Committee. Year

in and year out, their efforts are exerted in trying to add to our list of supporters, and a readier response should be made by many whose names are missing from the membership rolls of this institution.

### GENERAL ACKNOWLEDGMENT.

The officials of our city evince a great interest in the development and administration of the hospitals of this city.

To the Hon. William J. Gaynor, our Mayor; to the Hon. William A. Prendergast, the Comptroller; to the Hon. C. C. Drummond, Commissioner of Charities; to the Hon. Robert W. Heberd, Secretary of the State Board of Charities, with whom we have constant official relations, we beg to express our thanks for the uniform courtesy and considerate treatment of this institution at all times.

To Messrs. Hoadly, Lauterbach & Johnson, who have always rendered their services gratuitously, we tender our thanks for another year of zealous attention to the legal matters of our Hospital. They are ever at our command, and the care of the affairs of this Institution is to them a labor of love.

### CONCLUSION.

During the past year our records will show that we have maintained those standards long established, endeavoring at all times to benefit by the result of scientific research and development. Our aim is to be ever in the vanguard.

You, who in appreciation of the good fortune that has been yours, have joined in the work which this Hospital is doing for the common welfare, must in each visit to this institution find great satisfaction in seeing the good that your assistance has made possible. Each Director and each Doctor regards a voluntary contribution as a commendation of his work. It is the encouragement of our contributors that affords the stimulus and incentive for ever greater effort.

Respectfully submitted,

PHILIP J. GOODHART, *Vice-President.*

### Abstract from the Constitution

Section 8 of Article 4, referring to the establishing of special funds, reads as follows :

“An endowment for the establishing of any special fund may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no fund shall be created with an initial endowment of less than Ten Thousand Dollars.”

## Extracts from the Constitution on Endowed Beds and Endowments.

- A Contribution of \$1,500 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Life Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge.*
- A Contribution of \$2,500 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Memorial Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the main Hospital free of charge. Such donor may bequeath that right to a successor appointed by the said donor in his or her last will and testament, or by any other instrument under seal. In the event of such successor being appointed, the rights hereinbefore mentioned shall continue for a period of not over fifty years from the date of such contribution—such period, however, not to end before ten years from the death of the donor.*
- A Contribution of \$5,000 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Perpetual Bed, but where, under the provision of any will executed prior to January 1st, 1902, the sum of \$2,500 or more is bequeathed to the Hospital in payment of any Perpetual Bed, the Board of Directors may, at their option, accept such sum in payment of such Perpetual Bed. Such contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge. Such donor may bequeath that right to a successor appointed by said donor in his or her last will and testament, or by any other instrument under seal.*
- When a corporation is the donor, the privilege shall expire at the end of twenty-five years from the date of such contribution.
- Tablets to commemorate the endowment of Life and Memorial Beds shall be placed in the ward selected by the donor, subject to the rules of the hospital. Tablets for Life Beds shall be maintained during the life of the donor; tablets for Memorial Beds for a period not beyond fifty years from the date of their endowment, such a period, however, not to end before ten years from the death of the donor. The endowment of a Perpetual Bed shall entitle the donor, or his legal representative, to have a tablet placed in the ward selected by him, or by them, or to have the endowment recorded on a tablet provided for that purpose in the corridor of the hospital; such tablets shall be maintained in perpetuity.
- A donor may change a Life Bed endowed by him or her to a Memorial Bed by making an additional contribution of \$1,000, or to a Perpetual Bed by making an additional contribution of \$3,500, or may change a Memorial Bed to a Perpetual Bed by making an additional contribution of \$2,500.*
- No patient shall occupy a Life, Memorial or Perpetual Bed unless he shall comply with the current rules of the Hospital and be a proper subject for treatment according to its regulations.
- An endowment for the establishing of any special fund may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no funds shall be created with an initial endowment of less than Ten Thousand Dollars.

## PRESIDENT'S REPORT

---

### *To the Members and Patrons:*

Never before in its history has Mount Sinai Hospital done more work than in the year ended December 1st last, and we believe we are justified in saying that the character of the work has been of the highest standard ever attained. There were treated within our walls 8,121 patients—an increase of about  $6\frac{1}{2}$  per cent.—and in the dispensary 87,853 patients—an increase of 78 per cent. over the previous year. Our expenditures have increased just about in proportion to the additional work done, and we are pleased to be able to report that, although new methods were adopted in some departments, and notwithstanding the natural drift of expenses upward, we were able to keep the per capita cost at practically the same figure as in 1910. Waste can be avoided in a hospital by careful management, but economy must be exercised very cautiously to avoid interference with the best interests and welfare of the patients, for it is well recognized that of equal importance with the medical attention are the nursing and general care, both of which must be of a high order to yield the best possible results.

Our expenditures in the past year amounted to \$447,709.31, and our receipts from all sources, except such as were designated for special purposes, and therefore could not be used to meet ordinary outlays, fell short of that amount by \$11,485.89, thus increasing the deficit on our books from \$10,803.76 on December 1, 1910, to \$22,289.65 on December 1, 1911. We regret to have to report so frequently a shortage in our receipts, but this fact in itself would not be very disturbing did it show the full extent of our financial necessities. Our deficit is so small, because we limit our work as closely as possible to the funds at our disposal, and were our income larger we would not be compelled to refuse admission to so many deserving applicants.

The legacies, bequests and donations received during the year are set forth in full in the Treasurer's Report. They make a total of over \$245,000, and include the following items:

#### FOR THE ENDOWMENT OF PERPETUAL BEDS.

In memory of Valentine and Fannie Loewi, founded by the family.....	\$5,000.00
In memory of Henry Rosenwald, founded by Mrs. Henry Rosenwald.....	5,000.00
The Emma Rosenwald Bed, founded by provision in her will.....	5,000.00
In memory of Edna Saks Levy, founded by Mr. and Mrs. Andrew Saks.....	5,000.00

#### FOR THE ENDOWMENT OF LIFE BEDS.

The Harriet F. Haas Life Bed, founded by Mr. Kalman Haas .....	\$1,500.00
The Mrs. Jesse Hirschmann Life Bed, founded by Mr. Samuel Rosenblatt.....	1,500.00

#### FOR THE ENDOWMENT OF A WARD.

We have received \$40,000 from the children of the late Emanuel Lehman—Mrs. Sigmund M. Lehman, Mrs. Evelyn L. Ehrich and Mr. Philip Lehman—for the endowment in perpetuity of the Emanuel Lehman ward of 8 beds. Emanuel Lehman is remembered by all those who had the privilege of knowing him as a leader in every Jewish philanthropic and educational movement of his time, and we feel gratified that his children should have selected Mount Sinai Hospital as one of the institutions in which to establish a memorial to him for all time.

#### ENDOWMENT FUNDS.

The endowment funds were augmented by additions of: \$10,000, to the George and Florence M. Blumenthal Fund; \$10,000, to the Annie C. and Charles A. Wimpfheimer Fund,

and by the creation of two new Funds, the

"ISAAC AND VIRGINIA STERN FUND"

of \$10,000, established under the will of our late President, Isaac Stern, and the

"ALEXANDRE AND JULIE WEILL FUND"

of \$10,000, established by Mr. David Weill, of Paris, as a compliment to his parents, who lived many years in this country. Our thanks are given to all those who have thus proven their interest in the welfare of our institution.

DONATIONS.

Donations have reached this year a larger total than we are usually in a position to report. The greatest part was received for the general purposes of the Institution, and a smaller proportion for the Tuberculosis and Social Welfare Departments. I wish to mention here particularly two of these gifts, namely, the one of \$10,000 received from Mr. and Mrs. Charles Altschul, who, on the occasion of their silver wedding anniversary, chose Mount Sinai Hospital as one of the mediums through which to let their less fortunate fellowmen participate in their happiness; and the donation of Mrs. William Rothschild of \$2,000, in memory of her late husband, the brother of our late Director, Simon Rothschild, whose memory is perpetuated by the Simon Rothschild ward. We are equally grateful to the donors of all voluntary contributions, be they large or small, for we know that frequently the small donations involve the greatest sacrifice on the part of the givers.

PRIVATE PATIENTS.

The number of patients admitted in our Private Patients' Wards was 391 against 379, and in the Private Pavilion 997 against 871 in the previous year. Our last report mentioned that the capacity of the Private Pavilion would be increased by 5 rooms, and their completion made it possible to take care of the larger number of cases."

The calls made upon us for rooms in the Private Pavilion and for beds in the Private Wards continue far in excess of the

space at our disposal. We hope it will not be long before we can make some further changes in the Private Pavilion, with a view not only to obtaining some additional rooms, but also to providing an Operating Room more suited to its purpose than the one now in use. To judge from the applications received, it would seem that a private hospital of double the capacity of our present one was needed; but it is, perhaps, only right that no great increase in this work should be attempted, and that our efforts should be mainly directed to increasing our work for the benefit of those who cannot look out for themselves, but must rely on others to take care of them when stricken by illness.

### CHILDREN'S PAVILION.

Since the early part of the summer, we have employed a Kindergaertnerin, who spends several hours every afternoon with those children who are not confined to their beds. Their stay in the hospital is thereby made a little happier, and at the same time they reap some educational advantages. The salary of the Kindergaertnerin was paid by a friend of the little ones, and will be taken care of in the coming year by three of our Directors.

### DISPENSARY.

The increase of consultations in the Dispensary from 115,726 to 226,132 is due to a great extent to the fact that during five months of last year the Dispensary was closed, and is in part to be attributed to the opening of additional morning classes.

Fifty-eight chiefs and 108 assistants are connected with our Dispensary, and considering that there was an average of 688 consultations, and that 1,066 consultations took place in one day, it is evident that this service involves a severe strain on all those who devote their energies to it.

Dispensary work, as we are now doing it, is far more costly than the kind which was considered sufficient a few years ago. Whereas, in former years, practically all the work was done by volunteers, with the assistance of a few orderlies, it is worthy of note that the number of paid employees in the out-patient department now exceeds 30, and includes a Medical Inspector whose function is the prompt elimination of contagious cases, a Pathologist, a Medical Director for the Department of Physical

Therapy, a Radiographer, Nurses who assist the physicians in the Dispensary, Nurses who visit tubercular patients at their homes, Masseurs, Clerks, Orderlies and Porters.

The work of the tuberculosis clinics in the Dispensary has continued to grow in importance, and we are impressed anew with the great scope of the work to be done. The discussions as to the possibility of stamping out tuberculosis have gone from one extreme to the other, but we now feel that we are approaching a point where the subject will be treated with more uniformity and effectiveness. This calls for the simultaneous care of the extreme advanced cases, and the treatment and care of the incipients. In view of the limited facilities for institutional care, the clinic treatment, with parallel home nursing, is probably the most effective means of keeping in touch with the sufferers from this disease.

While far more is being done for our Dispensary patients than ever before, it must be admitted that the organization is still incomplete, and, in conjunction with our Medical Board, we are trying to devise some means for further improvement. We have practically reached the limit of work which can be done in our Dispensary, and our endeavors must now be mainly directed to seeing that the work becomes better and more effectual.

### TRAINING SCHOOL.

Equally as important as good medical care to patients is their nursing, and this work has been performed most efficiently by the pupils of the Mount Sinai Training School for Nurses. Although the school has now 174 pupils, we are constantly compelled to employ a more or less considerable number of graduates at great expense. There is a mistaken impression abroad that the remuneration received by trained nurses is sufficiently liberal to enable them to provide, out of their earnings, for the time when they may become disabled for one reason or another. So trying are the duties of a conscientious nurse, that several months of rest every year is practically a necessity if an early breakdown is to be avoided.

To encourage Mount Sinai nurses, and to give them a practical expression of sympathy, friends of the school—mostly Directors of the hospital and the training school—have

raised a fund of \$60,000, known as the "Pension Fund of Mount Sinai Training School Alumnae," out of the income of which provision will be made, as far as possible, to take care of nurses having had twenty years of service, and who are no longer able to take care of themselves. The subscription of \$5,000 of our former Director, Mr. Murry Guggenheim, formed the nucleus of this Fund. It is hoped that the amount of \$60,000 will be augmented materially within the next few years, for surely no body of women is more deserving of consideration in this direction.

### ADMITTING AND DISTRICT SERVICE.

These services have been faithfully carried on along the lines adopted many years ago. It has, however, become apparent since some time that our methods no longer fulfilled the requirements, and a change of system, including the continuous attendance of a paid admitting physician from 9 A. M. to 6 P. M., has been made. We trust that the innovation will prove successful, and will greatly dispatch the work in the admitting room, thereby obviating the hardships endured by sick persons coming to the hospital for relief, and being compelled to wait for hours before being examined in their turn.

Dr. Max Rosenberg, who for twelve years filled the position of Admitting Physician so ably and conscientiously, has now been given complete supervision of the outdoor service. Dr. Rosenberg's services in the admitting department were of such a high character that they deserve special commendation.

### ADDITIONAL PROPERTY

During the past year we have again added to our holdings of property in the block bounded by 99th and 100th streets and 5th avenue, by purchasing the two houses, Nos. 17 and 19 East 99th street, at a cost of about \$55,000.

### SOCIAL WELFARE WORK

The beneficial work which can be done in this line is only limited by the means at our disposal, and we could to advantage disburse two or three times the amount spent in the past year. It would be erroneous to believe that the functions of this

department are foreign to our work, and that we are not justified in developing them, on the ground that they are not of direct benefit to our patients. Quite the contrary is the case. When a mother knows that her children are looked after in their home while she is in the hospital, she will overcome her illness much more quickly than if mental agony is worrying her; when the breadwinner of the family is detained in the ward, it is of immeasurable help to the physician if the patient knows that his family is not starving at home.

Messrs. Paul M. and Felix M. Warburg have this year created the "Moritz Warburg Social Service Fund," and turned over to the hospital for this purpose securities of the value of \$20,000, producing an income of \$1,000, which is to be used for our Social Welfare Work. Our thanks are herewith given to the generous donors.

### SISTER INSTITUTIONS.

The most cordial relations exist between Mount Sinai Hospital and all the other charitable institutions, and no call from them remains unanswered, just as they are ever ready to oblige us whenever the opportunity offers.

Special thanks are hereby tendered to the Solomon and Betty Loeb Convalescent Home, which again has taken care of so many of our patients after they were able to leave us, and particular mention should also be made here of the services rendered to us by the Henry Street Settlement, which has co-operated with us throughout the year in the treatment of our downtown district cases. For many months past the Nurses' Settlement has furnished a nurse to co-operate with our downtown district physician whenever requested so to do, and as a result thereof our own district nurse has been able to devote all her time to the uptown district, greatly to the advantage of the patients under our care.

We received last year from the Hospital Saturday and Sunday Association \$8,669.12 as our share of their collection. The community is greatly indebted to the management of that institution for their efforts on behalf of the hospitals, and we earnestly urge our constituents to contribute liberally to the fund of the Association.

## PATHOLOGICAL DEPARTMENT.

The examinations made in this Department have increased so rapidly that our present quarters are barely adequate for the work. The steadily growing demands made on the Laboratory by the various services of the Hospital for routine examinations and tests of all kinds have made it necessary to convert some of the space devoted originally to museum and other purposes into laboratory work-rooms. It has also become necessary to increase the staff, so that at present there are nineteen assistants and two technical workers under the direction of the Pathologist. To give some idea of the activity in this department, it may be stated that more than seven thousand examinations and tests were made and reported upon during the past year. Besides the usual routine work, such as bacteriological, chemical and pathological examinations of fluids and tissues of many kinds, this Department now performs all the delicate serum tests on those persons who apply as donors in cases of blood-transfusion. It is with much pleasure that we are able to state that, notwithstanding the arduous duties of our Laboratory staff, some of the men are also engaged in experiments and studies along the lines of scientific research, and their work has enabled them to make valuable contributions to medical literature. In this way we expect to benefit not only our hospital patients but the community as well.

It is most desirable that the construction of the new building for the Pathological Department, the funds for which have been so generously provided by your Director, Mr. Lewisohn, be undertaken at the earliest possible date, and we earnestly hope that we will see our way clear to start the work this year. The new building will face 99th Street, and the ground necessary for it is already owned by the Hospital. After the completion of the new building, all funerals will take place from 99th Street.

There has been added this year by Mr. and Mrs. George Blumenthal \$6,000 to the "George Blumenthal, Jr., Fellowship Fund," and the income of our various Fellowship Funds is now sufficient to pay the salaries of three doctors connected with this department.

Mr. Adolph Lewisohn has again contributed \$4,000 towards the running expenses of the Pathological Department, and has

thus assumed a great part of the financial burden which the department entails.

### IMPROVEMENTS.

A number of structural changes were made in our buildings during the past year, all destined to add both to the efficiency and the scope of our work. An extension to the corridor leading from the Surgical to the Children's Pavilion was constructed, and the light and airy room thus acquired is utilized as a day-room and dining-room for the convalescent patients of the eye-ward, adding greatly to their comfort. This improvement, costing over \$3,200, was paid for by your Vice-President, Mr. Goodhart, in memory of his father, Julius H. Goodhart.

A room adjoining the main operating-room in the administration building, formerly occupied by the X-Ray Department (which has since been moved to larger quarters in the basement of the Medical Pavilion) has been completely refitted, and is now used for cystoscopic work, or, in other words, for the exploration and non-surgical treatment of the bladder and kidneys, a kind of work requiring special conditions and apparatus.

In the Children's Pavilion, by a slight rearrangement of the interior of the first floor—authority for which was kindly granted by Mr. Henry L. Einstein—a play-room has been provided for one of the four children's wards which was not originally so equipped.

Among other improvements completed during the year may be mentioned the tiling of the supply closets in all of the ward buildings; the construction of a fire-escape stairway between the laundry on the top floor of the domestic building and the upper story of the Children's Pavilion; the equipment of a clinical record-room in the Dispensary; the installation of dish sterilizers in the wards of the Medical Pavilion; the rearrangement of the smaller wards on the third floor of the Medical Pavilion, so as to provide an additional separation room for noisy or acutely sick patients.

The new X-Ray Department, equipped with the most modern and very complete outfit, has been in operation since February last. Owing to the increased facilities, a much more satisfactory co-operation of this Department with our other ser-

vices has become possible, and the importance of X-Ray examinations becomes more and more apparent, and the result increasingly gratifying.

### LADIES' AUXILIARY SOCIETY.

Under the leadership of Mrs. M. H. Moses, Mrs. J. A. Cook, Mrs. L. Bernheimer, Mrs. Julius Beer and Mrs. J. A. Arnold, the Ladies' Auxiliary Society has again put us under great obligation by liberal contributions of linen, bedding and clothing. As our work increases, our requirements become larger, and we are deeply grateful to the Auxiliary Society for their generous response to all our demands.

### MOUNT SINAI HOSPITAL ALLIANCE.

A most welcome and highly appreciated contribution of \$1,400 was received from the Mount Sinai Hospital Alliance, and was used for the maintenance of Solaria and towards defraying the cost of the X-Ray Department. We extend our thanks to the officers of the Alliance, Messrs. Carl A. Jacobs, president; Daniel Filer, vice-president; Miss Hannah Goldsmith, second vice-president; Mr. Samuel M. Chase, treasurer; Mr. Leon Huhner, recording secretary; Miss Elsie Leerburger, corresponding secretary, and to its members.

### MEDICAL STAFF.

The President of our Medical Board, Dr. Abraham Jacobi, whose eightieth birthday was so fittingly celebrated by the Medical Society in 1909, and whose fifty years' connection with our Institution we commemorated only a year ago, has had new and well-deserved honors shown to him this past year. At its last meeting, the American Medical Association, the most important medical society of this country, with a membership of over 40,000, elected him as President, and this honor is all the greater when we consider that Dr. Jacobi is the first foreign-born physician ever chosen for this position. We take this opportunity to congratulate Dr. Jacobi on this evidence of recognition on the part of his colleagues from all over the country, and we congratulate the American Medical Association on having made a choice so commendable.

The contemplated arrangement alluded to last year with the University and Bellevue Hospital Medical College has been concluded, and the students of this school who came to our Hospital receive clinical instruction from Drs. Alfred Meyer, Morris Manges and Charles A. Elsberg, who have been appointed members of the faculty of the University and Bellevue Hospital Medical College.

It may be proper to point out that the clinical instruction of undergraduate students is carried on without cost to the Hospital, and is permitted and encouraged in the belief that the opportunity to study clinical phenomena is one which hospitals owe to medical students as a matter of public duty, because it is a further protection to the community. Many of the physicians in this country who minister to the poorer classes, have in past years been denied suitable opportunities for clinical study, much to the detriment of the largest class of our population.

Dr. D. Bryson Delavan, who held the position of Attending Laryngologist for eight years, found it necessary to resign, as his many other duties did not any longer permit him to give sufficient time to the service. We regret that Dr. Delevan could no longer remain with us, and wish to record our appreciation of the good services he rendered to the Hospital.

Of the appointments made during the year, I mention those of:—

Dr. Herman Goldenberg, as Attending Dermatologist;

Dr. Edwin Beer, as Attending Genito-Urinary Surgeon, in place of Dr. H. Goldenberg, who resigned this position;

Dr. Emil Mayer, as Attending Laryngologist;

Dr. P. Wm. Nathan, as Orthopedist.

Only those frequently visiting our Hospital can form an estimate of the work done by the members of our Medical and Surgical Staffs, and can appreciate the devotion they display in the interest of our patients. I only state the fact; adequate recognition in words seems impossible.

#### DEATHS DURING THE YEAR.

On February 12th Dr. E. G. Janeway passed away. He had been Attending Physician of our Hospital from 1883 to 1898, after which date he became a member of our Consulting Staff.

So many were the calls on him from all sides, that with advancing years Dr. Janeway felt reluctantly compelled gradually to retire from all hospital service. We gratefully remember that, owing to his great interest in Mount Sinai Hospital, he remained with us for some years after he had relinquished all his other similar duties, and up to the day of his final retirement his time and skill were ever at the disposal of the most humble inmate of our wards.

Our colleague, Abram N. Stein, died on December 29th last. A member of our Board for only three years, he had endeared himself to all of us by his genial and modest personality, by his goodness of heart and kindness of thought. His keen interest in the work of the Institution, and his earnest zeal to help along in it, justified us in expecting excellent results from his activity, and we deeply regret the loss of his companionship.

The death of V. Henry Rothschild occurred on May 15th. Mr. Rothschild had been a director of the Hospital during a period of 16 years, from 1871 to 1887. His activity is well remembered, for he was one of those men whose clear judgment and sound advice made him a most valuable director, and his services of the greatest benefit to the Institution.

Death has again laid its hand heavily on the friends of our Institution. We record with regret the names of our contributors whom death has removed from our midst:

#### GENERAL ACKNOWLEDGMENT.

Our relations with all the State and City Departments we come in contact with continue most satisfactory, and we greatly appreciate the many evidences of good-will shown to our Institution by the Hon. William J. Gaynor, our Mayor; the Hon. William A. Prendergast, the Comptroller; the Hon. C. C. Drummond, Commissioner of Charities, and the Hon. Robert W. Heberd, Secretary of the State Board of Charities.

The services of Messrs. Hoadly, Lauterbach & Johnson have again been at our disposal, and were frequently made use of, and our debt of gratitude to the gentlemen comprising this firm has been correspondingly increased.

Your Board of Directors was ably assisted in its work by our Superintendent, Dr. S. S. Goldwater, and to him as well as to Dr. H. J. Moss, our Assistant Superintendent; Miss A. D. Van Kirk, head of our Training School; Miss M. Fletcher, Supervisor of the Dispensary, and Miss A. S. Harris, Supervisor of our Private Hospital, recognition is due for faithful and unremitting attention to their duties.

### CONCLUSION.

As previously mentioned, the amount of good that can be accomplished by the Mount Sinai Hospital is only limited by the means at our disposal. We recognize that it is one of the duties of your Directors to make every possible effort to increase the number of our contributors, and to use their influence, in every possible way, to obtain additional support for our Institution. We feel, however, that we have the right to call upon our constituents to help us in these endeavors, as it is an impossibility for a small number of men to reach the many in our community who do not as yet do their share in contributing to our charitable organization, and we herewith earnestly bespeak your aid in this respect. Let us hope that, as the years pass by, the number of unfortunate fellowmen whom we are compelled to turn away from our doors will become less and less, and that the day may not be too far off when we can receive all those who come to us for relief.

Respectfully submitted,

GEORGE BLUMENTHAL, *President.*

## WHY THE HOSPITAL NEEDS MEMBERS

**T**HE impression seems to have become general that this Hospital has large and ample resources, and that contributions are not urgently needed. How incorrect this idea is may be seen from the following:

During 1911 the current expenses  
of the Hospital were - - - **\$447,709.31**

The expenditure of this sum enabled the Hospital to maintain **419** free beds, in which **128,068** days of treatment were given during the year, and to give **226,222** free consultations and treatments to dispensary patients. But the limitation of our resources necessitated the rejection of **2414** applicants who were in need of Hospital care; while during the year more than **20,000** dispensary patients were refused treatment for the same reason.

Will you not help us in one or more of the following ways?

**FIRST:** *By becoming a contributor.*

**SECOND:** *By increasing your contribution, if you are now cooperating with us.*

**THIRD:** *By inducing others to share in this much-needed work.*

The enclosed envelope is for your convenience.

### Abstract from the Constitution

Section 8 of Article 4, referring to the establishing of special funds, reads as follows:

“An endowment for the establishing of any special fund may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no fund shall be created with an initial endowment of less than Ten Thousand Dollars.”

Resolution passed at a special meeting of the Board of Directors, held on December 5th, 1910.

---

ISAAC STERN, our President, who has been taken from among us while in the full exercise of his powers, had served this Institution faithfully and well for more than a score of years. His untiring devotion and ceaseless thought were given to the upbuilding of the Hospital and to the care and comfort of its patients.

As Chairman of the Building Committee, he gave unsparingly of himself and was largely instrumental in rearing the magnificent edifice which will ever be a monument to his unselfish zeal.

His death is a blow to the Hospital no less severe than sudden, and we, his colleagues, feel a deep sense of personal loss in being deprived of his sound advice and counsel.

To the members of the bereaved family, whose loss is so much greater than ours, we extend our deep-felt sympathy and the assurance that the name of Isaac Stern will forever live in the Institution which he so deeply loved.

As a further mark of respect it was resolved that the Board of Directors attend the funeral in a body and that the flag of the Hospital be placed at half-mast for a period of thirty days, and that an engraved copy of the resolution be sent to the bereaved family.

Resolution passed at a special meeting of the Board of Directors, held on Sunday, January 22nd, 1911.

---

The Board of Directors of the Mount Sinai Hospital have learnt with deep sorrow of the untimely death of DR. SIGMUND LUSTGARTEN, who, in his many years of service, had rendered himself invaluable to the Institution by his devoted work as Attending Dermatologist.

In the death of Dr. Lustgarten the Hospital has lost one of the most efficient and conscientious members of its staff, the community an earnest and sincere friend of humanity, and science a pre-eminent leader who devoted his great talent and energy not only to the alleviation of the sufferings of the afflicted, but also to the deep study of scientific improvement in his special field of labor.

To his bereaved family we tender our deepfelt sympathy in the great loss which it has sustained, and the assurance that we feel a severe sense of personal loss.

It is ordered that the flag of the Hospital be placed at half-mast until after the funeral, that a delegation from the Board of Directors attend the funeral services, and that an engrossed copy of these resolutions be presented to the family of the deceased.

Resolution passed at a meeting of the Board of  
Directors of the Mount Sinai Hospital, held  
on Sunday, February 21st, 1911.

---

It is with the deepest sorrow that we have heard of the passing away of DR. EDWARD G. JANEWAY, who had so zealously and faithfully served the Hospital and its suffering inmates during the fifteen years of his active service as Attending Physician, and the thirteen years of his incumbency as Consulting Physician.

In his death we have lost one who shed lustre upon our Institution; the medical profession has lost a leader in the wonderful march of modern progress, and the community has lost a man and a physician who ever gave his best to rich or poor.

With equal unselfishness he gave unstintingly of his time and energy whenever called upon by the public authorities in the interest of the improvement of communal life.

For many years he occupied a unique position as a diagnostician and was one of the pre-eminent leaders in the field of pathological research, the basis of almost all advance in medical and surgical science.

To his bereaved family we tender our heartfelt sympathy in the irreparable loss which they have sustained.

It was also resolved that the flag of the Hospital be placed at half-mast until after the funeral, that these resolutions be duly published, and that an engrossed copy thereof be presented to the family of the deceased.

Resolution passed at a special meeting of the Board of  
Directors, held Sunday, June 11th, 1911.

---

Notice having been given of the death of MR.  
V. HENRY ROTHSCHILD, a former Director of  
the Institution,

It was resolved, That the members of the Board  
of Directors of the Mount Sinai Hospital feel a keen  
sense of loss in the death of Mr. V. Henry Rothschild,  
who, for a period of about fifteen years, was an active  
worker as a member of the Board of this Institution,  
giving liberally of his time, energy and money in the  
furtherance of its aims.

We also tender to the family of the deceased our  
sincere sympathy in the great loss which they have  
sustained, and have ordered that these resolutions be  
entered upon the minutes of the Society, and that a  
copy thereof be sent to the bereaved family.

Resolution passed at a special meeting of the Board of  
Directors of the Mount Sinai Hospital, held  
on Sunday, December 31st, 1911.

---

In the death of ABRAM N. STEIN, in the prime of his useful life, our Institution has suffered a great loss; although his service on our Board of Directors had covered only a brief period, he showed that quick grasp and deep interest which proved that the poor and suffering had in him a most efficient and devoted worker in their behalf.

To us, his fellow workers, he had truly endeared himself, and we feel a deep sense of personal loss in his untimely death. To the members of the bereaved family we extend our deepest sympathy in the irreparable loss that they have sustained.

It was further resolved that the Board of Directors attend the funeral services in a body and that the flag of the Hospital be placed at half-mast for three days.

- A Contribution of \$1,500 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Life Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge.*
- A Contribution of \$2,500 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Memorial Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the main Hospital free of charge. Such donor may bequeath that right to a successor appointed by the said donor in his or her last will and testament, or by any other instrument under seal. In the event of such successor being appointed, the rights hereinbefore mentioned shall continue for a period of not over fifty years from the date of such contribution—such period, however, not to end before ten years from the death of the donor.*
- A Contribution of \$5,000 to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Perpetual Bed, but where, under the provision of any will executed prior to January 1st, 1902, the sum of \$2,500 or more is bequeathed to the Hospital in payment of any Perpetual Bed, the Board of Directors may, at their option, accept such sum in payment of such Perpetual Bed. Such contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge. Such donor may bequeath that right to a successor appointed by said donor in his or her last will and testament, or by any other instrument under seal.*
- When a corporation is the donor, the privilege shall expire at the end of twenty-five years from the date of such contribution.
- Tablets to commemorate the endowment of Life and Memorial Beds shall be placed in the ward selected by the donor, subject to the rules of the hospital. Tablets for Life Beds shall be maintained during the life of the donor; tablets for Memorial Beds for a period not beyond fifty years from the date of their endowment, such a period, however, not to end before ten years from the death of the donor. The endowment of a Perpetual Bed shall entitle the donor, or his legal representative, to have a tablet placed in the ward selected by him, or by them, or to have the endowment recorded on a tablet provided for that purpose in the corridor of the hospital; such tablets shall be maintained in perpetuity.
- A donor may change a Life Bed endowed by him or her to a Memorial Bed by making an additional contribution of \$1,000, or to a Perpetual Bed by making an additional contribution of \$3,500, or may change a Memorial Bed to a Perpetual Bed by making an additional contribution of \$2,500.
- No patient shall occupy a Life, Memorial or Perpetual Bed unless he shall comply with the current rules of the Hospital and be a proper subject for treatment according to its regulations.
- An endowment for the establishing of any special fund may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no funds shall be created with an initial endowment of less than Ten Thousand Dollars.

## PRESIDENT'S REPORT

---

*To the Donors, Associate Donors, Patrons and Members:*

In the past year, new records have again been established in the number of patients treated in the wards, the private pavilion and the dispensary of our Institution. The number of patients treated in the Hospital was 8,204 against 8,128 last year, and the largest number of patients in the Hospital on any one day was 463, against a previous maximum of 448.

Although we cared for a considerably larger number of patients, we were able to keep our expenses very close to last year's figures. Our total disbursements were \$450,661.33, and our income for support from all sources was \$448,294.51, showing a small deficit for the year.

Donations received for the general expenses of the Hospital, including the Tuberculosis Clinic and social service work, amounted to \$39,223.91, of which \$27,900 was contributed by members of the Board of Directors. Had it not been for these special donations—the repetition of which, of course, cannot be relied upon—we would have been confronted with a deficit of about \$30,000.

The legacies, bequests and donations received during the year for the endowment of beds, or the creation of special funds, amounted to \$234,165.65, and a detailed statement thereof appears in the Treasurer's report.

Beds were endowed as follows:

### PERPETUAL BEDS.

In memory of Alexander L. Kaufman, founded by Rosalie Kaufman .....	\$5,000.00
In memory of Allen L. Mordecai and Kate Mordecai, founded by Benj. Mordecai, R. E. L. Mordecai and Clara M. Plough.....	5,000.00

	<hr/>
	\$40,000.00

## MEMORIAL BEDS.

The Charles Mayer Bed, founded by Max W. Mayer, changed from Life to Memorial Bed.....	\$1,000.00
In memory of Edward I. Lowenstein, founded by Max Lowenstein .....	2,500.00
	<hr/>
	\$3,500.00

## LIFE BEDS.

The Dr. Morris Manges Bed, founded by A Friend..	\$1,500.00
The Frederick Jacobi Bed, founded by his wife, Flora Jacobi .....	1,500.00
The Sophie Kops Bed, founded by her children.....	1,500.00
	<hr/>
	\$4,500.00

Four new endowment funds were created, viz.:

The Elias and Lina Meyer Asiel Endowment Fund of given by Mr. Elias Asiel;	\$10,000.00
The Eugene and Harriet Meyer Endowment Fund of given by Mr. Eugene Meyer;	10,000.00
The Emil Wolf Social Service Fund of..... given by Mr. Emil Wolf, the income to be used for social service work; and	10,000.00
The Babette Lehman Fund of..... given by Mrs. Meyer Lehman, the income to be used, as far as possible, for the prevention, rather than the cure, of disease.	100,000.00

While Mrs. Lehman requests that the income of her most generous donation be used for a special purpose, she has not in any way tied the hands of the management of the Institution, and her deed of gift permits the application of the money for other hospital work under very broad conditions. No more gratifying gift than the one from Mrs. Lehman has ever been received by the Hospital. The late husband of Mrs. Lehman was a zealous Director of the Institution for nineteen years, and the interest manifested in its welfare by his widow, and her generosity in placing such a large sum at our disposal for such a purpose, is deeply appreciated. May Mrs. Lehman be able to enjoy for many years the pleasure of contemplating the good accomplished through her kind action!

The endowment funds of the Hospital now amount to \$235,000, yielding an income of about \$10,000 for the general expenses of the Hospital, and our special endowments for scholarships, social welfare work, etc., aggregate \$196,635.28, giving an income of about \$7,800.

Two other wills filed during the year carry important bequests to the Hospital, which will be received later on. One was that of Mrs. Henry Neustadter, leaving \$100,000 for the establishment of the Louis Neustadter Fund, and the other that of Mr. Augustus W. Openhym, bequeathing to the Hospital a considerable interest in his estate, payable after the death of several persons.

The liberality of Mr. Albert E. Goodhart and Mr. Charles A. Wimpfheimer enabled us to construct two outdoor roof wards of eight beds each, one for men and one for women. The female ward was opened on October first and the male ward on December first. Since their opening, both wards have been fully occupied, and the results obtained by the transfer of patients requiring fresh air to a place where they can enjoy its tonic effect at all times, have been gratifying. The addition of these two wards to our plant enables us to take care of sixteen additional patients, and incidentally adds about \$15,000 to our annual expenses.

The Dispensary has been operated to its full capacity; in 302 days there were treated in this department 91,303 patients.

who paid 236,297 visits and received 169,938 prescriptions. This constitutes a daily average of 782 consultations, and it is no doubt a unique record in this city that the consultations on one day reached the remarkable number of 1,165. The Dispensary now consists of 15 classified departments covering morning and afternoon services, and each department is subdivided into as many clinics as the existing facilities will permit. Each clinic is in charge of an experienced chief with a number of assistants and nurses, the present medical staff consisting of 61 chiefs, 157 assistants, 7 volunteer workers and a special preliminary examiner of children. Without this extensive and highly diversified organization, the attempt to treat so many patients would be unjustified.

The capacity of the dispensary building having been fully utilized heretofore, there was no opportunity, during the past year, for further expansion, but it was found possible to meet an urgent need in the Children's Department by forming a clinic for the treatment of vaginitis, an infectious condition which is so common among the children of the poor as to represent a public menace.

Our principal aim has been directed to develop greater efficiency in all departments, and, while considerable progress has already been made, our efforts must be continued in order to place our dispensary upon the highest possible plane. To accomplish this we have to rely largely upon our faithful medical staff, who devote their time to the work so liberally and freely, and we wish to record here our thanks to all the physicians connected with the dispensary for the great service they are rendering.

With a view to the creation of a closer affiliation between the medical staff and the administration of the dispensary, we have called into existence a society composed of the chiefs of the various clinics and known as "The Society of Chiefs of Clinics of the Mount Sinai Hospital Dispensary;" two of its number are members of the Board's Committee on Dispensary, and act as the medium of communication between the Society and the Committee on Dispensary in all matters concerning the welfare of the dispensary and the interests of the Society. Much good has already been accomplished by this new departure.

The extremely difficult problems relating to the administration of all dispensaries in this and other cities have been and are the subjects of wide discussion and careful deliberation by interested physicians and laymen. Our Superintendent has for some time been endeavoring to persuade all the important institutions in this city to join in a movement to properly regulate all dispensary work, and it is due in part to his initiative and to the support of the New York Foundation and the Public Health Committee of the Academy of Medicine, that the Associated Out-patient Clinics of the City of New York has been formed. This Association consists of 31 dispensaries and out-patient departments of the hospitals; Mount Sinai Hospital is one of its founders. The general aims and purposes of the Association are stated as follows:

1. The co-ordination of the work of existing dispensaries and out-patient clinics;
2. The elimination of unworthy applicants for treatment;
3. The promotion of proper standards of treatment;
4. The promotion of economy and efficiency in dispensary management.

It is to be hoped that this new movement, most worthily conceived, will be of material assistance in solving the many and unusually difficult questions which at present confront all out-patient managements in this city.

The work of our Pathological Department has increased and developed considerably during the year. The many complex and intricate routine examinations are performed by a staff of twenty associates, assistants and volunteers in the departments of Pathology, Surgical Pathology, Bacteriology Neuro-Pathology, Clinical Pathology, Serum Research and Physiological Chemistry, all under the supervision of the Pathologist.

In addition to the steadily growing routine work, special attention has again been given to various problems in the field of scientific research. Among the contributions to medical literature coming from the department may be mentioned studies in diseases of the heart, spleen and kidneys, as well as investigations relating to transfusion of blood and to cancer. The Department of Physiological Chemistry has been active during the year, and one of its members has co-operated with the newly

formed Committee on Dietetics. Important studies in metabolism, diabetes and kidney diseases have been made during the year in this department. The museum has kept pace with the growth of the laboratory, but owing to the crowded condition of this room, only the most important specimens can be kept for purposes of instruction and study. At the meeting of the American Medical Association held in Atlantic City last summer, a gold medal was awarded to the hospital in recognition of an exhibit of specimens collected during the investigation of certain forms of heart diseases occurring in connection with blood poisoning.

In order to keep abreast with advancing scientific medicine, it will become necessary not only to carry out our plan to enlarge the present laboratory work spaces and to provide accommodations for new departments of physiology, experimental pharmacology and experimental pathology, but also to engage the services of men who can devote their entire time to laboratory work.

The work of the pupils of our Training School, who now number 175, has been highly satisfactory. Miss Van Kirk, who filled the position of superintendent of the school so admirably for six and one-half years, unfortunately did not feel sufficiently strong to continue in that office, and our regret in seeing her sever her connection with the Hospital was shared by all those who had occasion to come in contact with her, especially by the pupils now in the School and those who graduated during her principalship. The Training School has been fortunate in securing the services of Miss Morley, formerly connected with the Buffalo General Hospital, as its superintendent, and we feel confident that under her management the school will maintain the high standing which it attained under the able guidance of her predecessors.

Under the leadership of Miss Johnson, our social welfare work continues to be carried on in the most efficient manner. This work so justly and naturally appeals to many charitably inclined persons, that the funds put at our disposal for the work have been considerably augmented, and our benefactions correspondingly enlarged.

The friendly relations which have existed for so many years between Mount Sinai Hospital and its sister institutions continue unchanged. We desire, on this occasion, to again express our sympathy to the Educational Alliance and the Hebrew Technical Institute in the loss they sustained this year in the demise of their able Presidents, Mr. Isidore Straus and Prof. Morris Loeb.

We purchased during the year, at a cost of about \$33,000, No. 15 East 99th Street, giving us 75 feet in that street.

Our share of last year's collections of the Hospital Saturday and Sunday Association was \$7,789.88, for which we are deeply grateful to the management of that Society.

During the year, a Committee on Dietetics, consisting of two members of our Medical Board and a member of the Chemical Laboratory staff, was created, and although this Committee has been in existence only a short time, it is already apparent that its work will result not only in great advantage to our patients, but will also be of help to the economical management of the Institution.

We report with sincere regret the resignation of Messrs. Kalman Haas, Emil S. Levi and Edgar A. Hellman, from the Board of Directors. Messrs. Haas and Levi have given, respectively, fifteen and thirteen years' efficient service to the Institution, and Mr. Levi had been Second Vice-President for three years. Mr. Haas and Mr. Levi having served as directors more than ten years, were elected honorary directors, and we have thereby secured for the Institution their continued co-operation. Mr. Edgar A. Hellman was with us for only two years, and we are sorry that other duties did not permit him to continue his connection with the hospital.

The Ladies' Auxiliary Society has continued its able work, and we are again indebted to the Society for the most generous contributions of linen, bedding and clothing. Special recognition is due to their officers, Mrs. M. H. Moses, Mrs. J. A. Cook, Mrs. L. Bernheimer, Mrs. Julius Beer and Mrs. J. A. Arnold.

From the Mount Sinai Hospital Alliance we received \$1,400 for the maintenance of Solaria and towards the expenses of the X-Ray Department, and members of the Society have volunteered

their services to aid in our social welfare work, which we have gladly accepted. We thank the officers of the Alliance, Mr. Morris Hartig, President; Mr. Charles J. Foltz, Vice-President; Miss Elsie Leerburger, Second Vice-President; Mr. Alfred J. Stern, Treasurer; Mr. Arthur G. Previn, Recording Secretary, and Miss Irene Asch, Corresponding Secretary.

We have lost during the past year, through death, 115 of our constituents, and we extend our sympathy to the families of the departed ones.

The physicians and surgeons connected with the Hospital have carried on the service in the most commendable way. To them certainly is due, to the greatest extent, the high standing which our Institution has attained in the community.

We are indebted to the Hon. William J. Gaynor, Mayor of the City of New York; the Hon. William A. Prendergast, Comptroller; the Hon. Michael Drummond, Commissioner of Charities, and the Hon. Robert W. Hebbard, Secretary of the State Board of Charities, for their unfailing courtesy, and to Messrs. Hoadley, Lauterbach & Johnson for the many services rendered during the past year.

In the carrying out of our trust, we were greatly aided by our Superintendent, Dr. S. S. Goldwater, and many other faithful officers and heads of departments, too numerous to mention separately.

When the plans for the present hospital were made, the Committee on Buildings and the architects were guided by the experience previously gained in the conduct of Mount Sinai Hospital and other similar institutions, and in their deliberations they were assisted by a Committee from our medical staff. Upon the opening of the new buildings, it appeared that a good deal of foresight had been shown, and the plant which we put at the disposal of the community was so far superior to what we had theretofore, that everybody was satisfied, and justly so. Progress in the study of hospital administration had, however, at that time not reached its climax, and most likely it has not to-day. As the years went on, new needs developed, and we were forced to recognize the inadequacy of our accommodations.

There are, of course, limitations as to the amount of work we can do and ought to do in the various clinical departments.

We cannot expect to be able to accommodate all those who desire and deserve assistance. Should we attempt this, we would have to provide for as many thousands of patients as we now take care of hundreds. We must, however, bear in mind that each clinical department in the Hospital is entitled to the services of a recognized expert, who should be expected to conduct his department along the most progressive lines, thus giving the patients the benefit of the most advanced treatment that medical science affords. In order to promote new discoveries and to demonstrate conclusively the relative merits of various forms of treatment, the clinician must be in a position to treat a considerable number of cases at a given time. A neurologist, a dermatologist or an otologist who has at his disposal only a few hospital beds, may be able to do fairly good routine work, but cannot be expected to make of his department a centre for scientific work, nor can he be expected to make contributions of importance to the art of medicine.

Mount Sinai Hospital now provides in its wards a home for general medicine, general surgery, neurology, otology, ophthalmology, gynecology, genito-urinary surgery, dermatology and the diseases of children. The Hospital has thus taken a long step toward the realization of the concept of a complete general hospital. But only in general medicine, surgery, the diseases of children and gynecology are the departments sufficiently extensive to offer the best opportunities to the physicians in charge. Other special departments which are recognized in the clinical organization of the hospital occupy cramped quarters, and each of them is so small as to discourage expensive special equipment. Such equipment, when applied to a small number of beds is relatively costly, but when applied to a large number, represents a comparatively small average outlay. Moreover, these lesser departments, which are incapable of self-development in their present quarters, stand in the way of a proper arrangement of ward units for the major departments of medicine and surgery. The smaller special departments occupy space which the general medical and surgical departments need, while their locations are such as to distract the attention of medical attendants and nurses whose work would be more efficient and instructive if concentrated upon homogeneous groups of cases.

The present Pathological Building—so vastly superior to the little room for laboratory work in our former home on Lexington Avenue—is no longer adequate for our needs. Where in 1899 only two doctors were devoting any considerable part of their time to laboratory work, we have to-day twenty scientists giving their best efforts to the study of disease, while every year the applications of a number of well-equipped volunteers must be declined, owing to limitations of space.

The present children's pavilion can no longer be regarded as a model for the purpose. The wards are too large to obtain the best possible results by a proper classification of cases. Children afflicted with different diseases require differently ventilated rooms, and smaller wards are, therefore, desirable. Our present building is not equipped with balconies adjoining the wards, an arrangement of incalculable value, but one which it is impossible to introduce on the present site.

We have now two private wards, each containing twelve beds, and there is no department in the Hospital where a larger percentage of applicants must be refused than in this particular one, and none where more hardship is inflicted on those who cannot be admitted. Applicants for admission to these wards are mostly members of families of moderate income who do not wish to, and, indeed, should not, accept charity; they are not sufficiently well off to take private rooms and to engage private nurses; and they certainly have not homes which would adapt themselves to the proper care of sick persons. Many of the very people who belong in this category are themselves contributors to charitable institutions, and they are certainly as much entitled to the services of the hospital as those who are benefited in the wards.

Since the enlarged dispensary building has been opened, it has been found impracticable to keep pace with the growing demand of the children's department within the space available, and a special children's clinic seems one of the great needs of our Institution.

Your Directors have, during the last few years, given thoughtful consideration to all the shortcomings just enumerated and have now reached the conclusion that the time has arrived

when they should be remedied. To do this, we find that it is necessary to make the following additions and alterations:

To erect on the land now owned a new pathological building; a new children's hospital containing about 100 beds; a new clinical building, containing about 100 beds to accommodate the special services; a children's clinic and new dormitories accommodating 240 servants. To establish a more extensive and satisfactory private ward service in the present children's building; to add five stories to the present Pathological Building, this building then to be given over to the Training School for the accommodation of ninety additional nurses; to transform the present quarters for help, lying below the laundry and above the kitchen, into a separate staff laundry and into dining rooms for nurses, doctors and clerks. In one of the new buildings provision will have to be made to house the superintendent and his family, as the space which is occupied by them in the hospital will be required for additional members of the house staff.

The total cost of the contemplated improvements and additions, including the necessary change in the power house and the tunneling of the street to connect the new buildings with the present ones, is estimated at about \$1,100,000. To this amount must be added \$250,000 borrowed from our permanent fund during the last two years to pay for land acquired during that period, which will bring the total sum required to about \$1,350,000.

During the construction period, the annual expenses will gradually increase, and we estimate that this increase will average about \$60,000 for the four years, from 1914 to 1917. After the completion of all improvements, which we expect to be accomplished at the beginning of 1918, the Hospital will have a capacity of 720 beds against approximately 500 at the present time, and our annual expenditures will be in the neighborhood of \$600,000.

In view of the fact that our requirements have increased since 1903 from \$153,000 to \$450,000 in 1912, and that we have been put in a position to meet this increase, is it not reasonable and justifiable to expect that the additional \$150,000 necessary in 1918 will also be forthcoming? We have the absolute con-

viction that a community which in the past stood so nobly by this institution and by all other worthy philanthropic and educational undertakings, can safely be depended upon to take care of the larger needs of the future.

Your Directors are not less optimistic in regard to obtaining the necessary funds for the new construction than they are in regard to the forthcoming of the means for support. They have obligated themselves to contribute \$660,000 (which includes \$130,000 from Mr. Lewisohn towards the erection of the pathological building) towards the \$1,350,000 needed, so that we must look to our constituents and the community at large to furnish us with a little less than \$700,000, or just about one-half of the total cost, the other half being taken care of by the members of your Board.

We have not the slightest misgiving that, when we come forward with our appeal—and we expect to do so at a very early day—we will meet with a ready response. We feel confident that our constituents and all those who take a sympathetic interest in the condition of their less fortunate brethren will answer our call quickly and liberally and make possible a greater and more perfect Mount Sinai Hospital, to be more than ever a haven of hope and comfort to the sick and their families, an example and inspiration to the generation now growing up, and another proof given by our community of the recognition of its duties towards its fellow men.

Respectfully submitted,

GEORGE BLUMENTHAL,  
*President.*

### ABSTRACT FROM THE CONSTITUTION

Section 8 of Article 4, referring to the establishing of special funds, reads as follows:

"An endowment for the establishing of any special fund may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no fund shall be created with an initial endowment of less than Ten Thousand Dollars."

## Extracts from the Constitution on Endowed Beds and Endowments

---

- A Contribution of \$1,500** to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Life Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge.
- A Contribution of \$2,500** to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Memorial Bed. Such a contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the main Hospital free of charge. Such donor may bequeath that right to a successor appointed by the said donor in his or her last will and testament, or by any other instrument under seal. In the event of such successor being appointed, the rights hereinbefore mentioned shall continue for a period of not over fifty years from the date of such contribution—such period, however, not to end before ten years from the death of the donor.

- A Contribution of \$5,000** to the General Fund of the Hospital, if accepted by the Board of Directors, shall endow a Perpetual Bed, but where, under the provision of any will executed prior to January 1, 1902, the sum of \$2,500 or more is bequeathed to the Hospital in payment of any Perpetual Bed, the Board of Directors may, at their option, accept such sum in payment of such Perpetual Bed. Such contribution shall entitle the donor thereof, during his or her lifetime, to name a patient from time to time to use and occupy one bed in the general wards of the main Hospital, free of charge. Such donor may bequeath that right to a successor appointed by said donor in his or her last will and testament, or by any other instrument under seal.

When a corporation is the donor, the privilege shall expire at the end of twenty-five years from the date of such contribution.

Tablets to commemorate the endowment of Life and Memorial Beds shall be placed in the ward selected by the donor, subject to the rules of the Hospital. Tablets for Life Beds shall be maintained during the life of the donor; tablets for Memorial Beds for a period not beyond fifty years from the date of their endowment, such a period, however, not to end before ten years from the death of the donor. The endowment of a Perpetual Bed shall entitle the donor, or his legal representative, to have a tablet placed in the ward selected by him, or by them, or to have the endowment recorded on a tablet provided for that purpose in the corridor of the Hospital; such tablets shall be maintained in perpetuity.

- A donor may change a Life Bed** endowed by him or her to a Memorial Bed by making an additional contribution of \$1,000, or to a Perpetual Bed by making an additional contribution of \$3,500, or may change a Memorial Bed to a Perpetual Bed by making an additional contribution of \$2,500.

**No patient shall occupy a Life, Memorial or Perpetual Bed** unless he shall comply with the current rules of the Hospital and be a proper subject for treatment according to its regulations.

- An endowment for the establishing of any special fund** may be accepted by a resolution of the Board of Directors. Such fund may be created either for a special purpose, in which event the income therefrom shall be devoted to such purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Hospital. Such endowment funds shall be kept by the Treasurer as special accounts. Contributions to existing funds may be made at any time, but no funds shall be created with an initial endowment of less than Ten Thousand Dollars.
